Royalist Activity Arousing the Jealousy of the Bonapartists.

There is Hope for the Republic in the Fact That the Two Factions Are Fighting Each Other - Bonspartists Will Shortly Issue a Manifesto.

PARIS, Dec. 28 .- Thursday it was the Bonapartists who were at the front ready to take advantage of the critical condition of the government. The Royalist activity aroused the jealousy of the Bonapartists and at a secret conclave they drafted a manifesto to the people of France, urging them to recall the house of Bonaparte to the throne. The manifesto is being withheld to await the approval of Prince Victor, present head of the ex-imperial family, who is in Brussels. Bonapartist agents have gone thither to endeavor to induce the prince to sign the mani-

The weakness of the opposition to the government, however, is becoming more and more apparent and the imperialists and royalists are now fighting among themselves, although heretofore united in opposition to republican rule. The manifesto, if issued, will cause little uneasiness, but the secret agents of the government are still watching the royalists.

The refusal of the pope to become a tool of the monarchists is highly grati-

fying to the government.

M. Floquet, president of the chambers, appeared before the investigating committee Thursday. Hesdeclared emphatically that he never received a franc from the Panama Co. for any object

M. Guyot, formerly minister of public works, refused to appear before the committee Thursday to answer inquries regarding his allegation that he had a full list of those compromised in the scandal. He based his refusal on the ground that he did not wish to mingle the name of President Carnot with the prosecution, Carnot having seen the list

"La Lanterne" stated Thursday that papers discovered Wednesday show that Deputies Naquit, La Guerre, St. Martin and Laur received sums of money from Orton, the go between in the corruption. The papers were discovered among documents found in the office of the dynamite company which supplies dynamite for use on the canal. The four deputies received their mon-

ey for votes in the chamber. The Matin says that fifteen more warrants have been prepared against senators and deputies and that public prosecutors in the country districts have been instructed to search the residences of accused persons and examine witnesses for evidence in regard to charges.

These proceedings will, it is apprehended, add greatly to the excitement in the country districts already aroused to a dangerous pitch.

M. DeLafosse writes to the Figuro that the parliamentary republic is ruined and ought to be replaced by a conparte as the first consul. The suggestion is looked upon as an attempt to revive the empire through the same process by which the first Napoleon arrived at the throne. It attracts attention only as indicating the strained situation which makes such a suggestion possible.

Prominent Alabamian Murdered BIHMINGHAM, Ala., Dec. 23.-Near Eutaw, Ala., Thursday morning the body of R. P. Hairston, a wealthy planter and merchant, was found riddled with bullets. It is supposed he was killed from ambush during the night while en route from his store to his residence. The object was doubtless robbery, as Hairston had a great deal of money. Officers with bloodhounds are after the murderers, who will be lynched if caught. Mr. Hairston was one of the richest and most prominent men polit-

ically in the state.

Still Arresting Plotters. VALPARAISO, Dec. 23.—Arrests of persons supposed to have been concerned in the plots against the government at Santiago continue. One of the most prominent prisoners is a nephew of Archbishop Casanova. There is not the faintest idea that the revolutionary movement will extend further. indianapolis, Ind., Dec. 28.—The Central hospital for the insane submitted its annual report for 1893 to the governor, Thursday. It showed that the total expenditure for the year was \$317,356.23. The actual maintenance was \$200,000: \$1,500 was spend for repairs, \$12,000 for clothing, \$35,000 for an electric light plant, \$4,149.19 for a wash-house, and \$1,411.19 for a tunnel. The daily average number of patients on the hospital rolls during the year was 1,527. The per capita cost on the average number of patients was \$163.51. During last year 200 patients were admitted, and 387 were discharged. The Central institution is caring for 126 patients who belong to other districta. In a separate report Superintendent Wright states that the capacity of the men's department is too small to accommodate all for whom application has been made. He recommends that the state purchase several hundred acres of land within a mile or two of the hospital, and erect some cheap buildings, in which several hundred men can be colonized.

The warden of the northern prison also filed his annual report with the governor Thursday. The number of innates for the year was 800, arrivals 378, John V. Day, James Redmond and W. B. Daw discharged 366, pardoned 24, died 14. The receipts and earnings amounted to \$116,514.23, the expenditures were \$100,-000, leaving a balance of \$16,514.23. The report states that there are a number of insane prisoners who can not be cared for at the prison, and should be removed to an insane hospital. The warden expresses a belief that Indiana will in time strike the capital punishment law from the statutes.

COUNTERFEITS.

A Lot of It Captured, With the Outfit and the Men Who Made and Shoved It,

at Atlanta, Ga. ATLANTA, Ga., Dec. 23. - Capt. Henry Forsythe, of the U. S. secret service, with headquarters here, Wednesday night made a haul of counterfeit money and tools and jailed the men who made and shoved the spurious coin. Wednesday morning the captain ascertained that a quantity of counterfelt nickels were in circulation. He soon became convinced that the money was made in Atlanta, and in a short time spotted a young man named J. W. Eubanks, who was passing the stuff. Eubanks stated that he had received the money from Marion Barnett, a well known young man of the city. Barnett was brought, and at first denied all knowledge of the nickels. Finally he admitted that he had given them them to Eubanks as change. Both men were failed, and then a visit was made to Barnett's room. In the room were found a complete set of tools, with a great box of unfinished nickels. The outfit was complete in every respect, and is the best he has ever seen in the country. Capt For-sythe says that dollars and half-dollars were there, both finished and unfin-

An Arkansas Physician Convicted of Murder Goes to the Penttentiary Alone. MEMPHIS, Tenn., Dec. 23.-The extraordinary spectacle of a convict going to the penitentiary without an escort was sular republic with Prince Victor Bona- witnessed here Thursday. Dr. W. D. Jones, of Osceola, Ark., arrived from that town by steamboat Wednesday night, and left for Little Rock Thursday morning to report at the pen-itentiary. In October, 1896, Dr. Jones returned home unexpect-edly, and found Wright McKinney, his overseer, in too close company with his wife. A minute later McKinney was a corpse. Dr. Jones made no attempt to escape. He alleged that be-sides staining his honor, McKinney, when discovered, attempted to shoot him, and he shot in self-defense, as well as to avenge his honor. In spite of the facts in the case, which were not denied, except that to protect herself, the wife swore that Mckinney sleptfin the house that night to protect her, but was not in her room. The jury convicted Dr. Jones of voluntary manslaughter, and sentenced him to the penitentiary for two years.

VERY SERIOUS

Is the Cholers Becoming in Hamburg-Health Officials at Work.

HAMBURG, Dec. 28.-It was thought that the extraordinary measures taken by the authorities would prevent another outbreak of sholers in the spring, but the indications now point to the recurrence of the disease in epidemic form when warm weather sets in.

Several cases of the Asiatic type of the disease have occurred recently, and the outlook is serious. Thursday four new cases are officially reported, and the people are beginning to grow restless, fearing that the disease will become widespread, despite the cold

The authorities are doing everything possible to prevent the disease spread ing. Particular attention has been paid to the water supply, and the inhabitants now find it possible to avoid any use of the filthy water of the Elbe.

Who Will be the Next Marshal, Collector and Treasurer and Assessor?-"The Ledger's' Scheme for Your Amusement.

In order that the readers of THE LEDGER may have some diversion with which to occupy their minds, and desiring at the same time to attract public attention to our newsy paper, we have concluded to propose a guess ing contest, and hope that our subscribers and readers may become interested in our effort to afford amusement.

Public interest during the next few weeks will be more centralized in the ensuing city election than in any other local matter, and we have, therefore, selected that as the basis of our guessing contest.

We have selected as the races to be guessed upon these three: City Marshal, Collector and Treasurer and Assessor, for the reason that they seem to be the most complicated, and more interest will probably be manifested in them, as there are three or more candidates for each office. The outcome in these contests will be harder to anticipate, and, therefore, our scheme will prove the more interesting.

For the office of City Marshal there are six candidates announced, as follows: M. E. Me-Kellup, E. W. Fitzgerald, John W. Alexander,

For Collector and Treasurer there are two contestants: James W. Fitzgerald and Horatio Ficklin. Also three for Assessor: Charles D. Shep

ard, Fred W. Bauer and John Walsh, There are 1,422 votes registered. We propose to give in prizes \$17 50 in gold

The first prize of \$10 in gold will be given to the first person who names the winner in each contest and also guesses nearest to the exact number of votes received by each.

A second prize of \$5 in gold will be given to the person making the pert best guess. A third prize of \$2 50 in gold will be given to the person making the third best guess.

In making guesses the following rules must oe observed First-All guesses must be made out on the ollowing form cut from THE LEDGER and forvarded by mail or handed in person to this
